2024-25 Early Childhood Enrollment Match Priority Rubric and Definitions

The following rubric and definitions will be used to quantify priorities in a simplified manner for families applying for the various early childhood funding sources for the 2024-25 early childhood enrollment match main round and open enrollment round. Families will receive priority points that apply to their individualized circumstances only after meeting eligibility requirements for a particular funding source. If families fit into more than one priority, they will receive points for all priorities that apply.
